### Letter of Recommendation

As co-organizers of the 2010 EU-China Economic Forum we would like to hereby acknowledge the impressive work done by Mr Martin Mycielski concerning the preparations of our conference in the European Parliament.

Mr Mycielski has proven to be an excellent organizer and event manager, successfully coordinating the complex planning and preparations for the whole-day event, within the relatively short time and limited resources he had been given.

We truly appreciate Mr Mycielski's work and recommend him to any person, company or institution in need of a professional event organizer, especially within the area of European Institutions and international policy making.

Sincerely,

Bernard Dewit  
Chairman of the BCECC
